The American Revolution

Benjamin Franklin, King George III, George Washington, Thomas Jefferson, Benedict Arnold, Patrick Henry, John Adams: who are these men and how did they shape our nation? Where did we fight? How were we successful? Why did we lose some battles, but win our freedom?

These and other ideas will be explored in the upcoming weeks. If you can, get Liberty's Kids from a DVD rental service or the library. This fun cartoon series explores not only why we had a revolution, but different events and people involved in the process of forming a new nation.

Author's Night March 31st Update

The Gremlin's Science Book is well underway. We will have different scientists presenting their Big Shanty Academy of Science "papers" at Author's Night. Each Scientist has worked very hard to internalize the concepts we have learned and present them in an interesting, yet informative and accurate manner. Please reserve this evening to attend Author's Night!

Stars: Blue Giant, Red Dwarf, Red Giant, Patterns

Please read the attached Science News with your Gremlin and keep it in a handy place to refer to as we spend the next week or so exploring stars. Stargazing is normally terrific this time of year. If you can, go out on Friday and Saturday evenings and enjoy looking at the night sky with your child. There are some good family websites on stargazing on my blog.
