

Gremlin

August 29, 2209

Giggles

Number 3

Open House September 1st. See you then to answer your general questions about curriculum and procedures.

Homework Updates

There is homework Monday-Thursday. Every evening your child should have spelling, literature and math. Your Gremlin may have other work that was not completed in class or something in the content area as a longer term project, such as the science study guide that was assigned Monday and is due tomorrow, Friday.

Please ensure that your Gremlin has completed his/her homework.

Thursday night is Giggles night. Please make sure you sign the Giggle Slip every Thursday and return it on Friday. Thank you!!

Math Math Math

Timed test update—your Gremlin should be working in the multiplication and division area of the timed test regimen. Please add fact practice to your daily homework if your son/daughter is not fluent with these very important number combinations.

Classroom Thanks

◇ A big Thanks to Jack's family for the wonderful playground supplies. The students really enjoy the catch and swat games and jumpropes! The Grotto just justs better with faily support!

**Science Olympiad will kick-off with the first annual
Big Shanty Science Fair
October 20, 2009.**

Look for information at Open House or on the Science Olympiad Blog after Sept 1.
