capital  
civil  
angel  
force  
gravity  
momentum  
push  
friction

## **Test on Friday**

**Crossword  
due on Fri.**

## **Please study**

**nightly at  
home.**

## ***Login to Engrade to view Grades***

In an attempt to harness the power of the internet, in addition to online textbooks, we will have online grades available to the Gremlins in the Grotto beginning next Monday.

Login at [www.engage.com/](http://www.engage.com/). Enter the Gremlin's Access Code (attached) and choose a username/password combination. You will use this to login each time you are curious about your child's grades.

My usual practice would be to update on Saturday morning. The daily work, through which the Gremlins learn a skill or concept, is not graded; however, I do evaluate the progress of my students with graded observations. If your student is on task and participating in the learning activity, these grades will be good.

I hope this will help you track your child's progress through the fourth grade. As always, please email me with your concerns. You can phone the school, but your reply is sure to be faster through email.

## **Classroom AR Library Open**

Thanks to the amazing focus and dedication of Mrs. Johnson, all of the books in our classroom library have been researched, stickered, marked and notated so that if a Gremlin needs a book to read for points, he/she can easily find one in the classroom.

Please note, Gremlins are expected to read for AR points as daily homework. Tests may be taken before school or during Language Arts time or during free time. Gremlins should be earning around 25 points per quarter.
